Pronunciation Silent final consonant	Pronunciation Liaison	Grammar conjunction	Grammar adjective	Grammar syntax
The final consonant in French words is almost always silent. There are some exceptions to this rule, such as <i>ours</i> , in which the final 's' is sounded out.	Liaison: when a word ending in a vowel sound is followed by a word beginning with a vowel sound, a final consonant that is usually silent can be sounded out, e.g. <i>C'est un éléphant</i> . Similarly in English, It's an elephant.	A conjunction can link two words or phrases. It can link the final 2 nouns in a sequence, and the final 2 adjectives in a sequence.	An adjective describes a noun. In English, the adjective usually precedes the noun it is describing; in French the adjective usually follows the noun it is describing.	Syntax is the order in which words and phrases are put together to make a meaningful sentence.
